Hello

Thank you for getting back to me. I would like to discuss this with you, however, I would like my site attorney and my immediate supervisor to be on the call as well. It should not take too long, we are just interested to see if there are any land use changes or plans for land use changes in the near future. We have the following availabilities, please let me know if any of these work for you:

1/18/2022 11-11:30

1/19/2022: 9:30-10:30 or from 2-3:30

1/20/2022: 11:30-1

I will set up the call.

Thank

Dear Glenn,

As you know EPA is completing a technical review of its 2013 cleanup plan, Record of Decision (ROD), (see attachment) of the Woodbrook Road Dump site. EPA would like to discuss future land use with the Borough. We can either set up a call or discuss via email. Specifically, we would like to discuss whether the Borough has any plans for future land use of Block 388, Lots 1 and 26 in South Plainfield?

Thanks,
